

**BUY CARS ON INTERNET FROM GENUINE DEALERS**  
**AVOID SUSPICIOUS WEBSITES**

A lot of Zambians have lost thousands of dollars through fraudulent car dealers on internet. To avoid loss of hard earned money to cyber criminals, we urge Zambians to verify the physical address and landline numbers, as mobile numbers are not usually reliable, get maps of physical location and company registration certificates and other relevant information before transmitting money for purchasing the vehicle.

It is much safer to buy vehicles from established websites.
