

Ghana and Zambia Investment Seminar

This is to announce the up-coming Ghana and Zambia Investment Seminar in Tokyo, and invite all those who are interested in the business climate in Ghana and Zambia. Japan International Cooperation Agency (JICA), Ghana Investment Promotion Centre (GIPC), and Zambia Development Agency (ZDA) will hold the “Ghana and Zambia Investment Seminar” in collaboration with Japan External Trade Organization (JETRO).

The African continent is with enormous potentials with its population expected to reach more than 2 billion by 2050. The Sixth Tokyo International Conference on African Development (TICAD VI) held in Nairobi in August 2016 emphasized the importance of promoting trade and investment and enabling business environment for future economic diversification and industrialization in Africa.

In this seminar, GIPC and ZDA, which are investment promotion agencies in Ghana and Zambia respectively, will explain the latest investment climate and potentials in both countries. Also, JICA experts dispatched to the agencies under JICA’s technical cooperation and Japanese investors operating in Ghana and Zambia will share their experiences in both countries as well as some important tips for the investment in the countries. In addition, the investment climate in Africa in general will be briefly presented in the seminar.

This is the seminar for those who are interested in investing in Africa, especially in Ghana and Zambia. We all would look forward to your participation.
